

Editions and reprints of the Murdock Syriac New Testament

Dr. James Murdock can rightfully claim to have the most reprinted English translation of the Syriac New Testament. It has been reprinted so many times that when H.L. Hasting and Isaac Hall collaborated on a new reprint were unsure on the exact number. Before the Internet and a "connected world", to find this out was quite a task. Fortunately, the reprints were confined to just the United States. In the attempt to settle on a statistically reliable number, I tried to track down all the reprints. Here is my educated guess. There may be more reprints. So, I do not claim that this is the definitive number.
